
REGISTRAR'S CONDITIONS FOR THE GRANT OF A PAWNBROKER'S LICENCE

In addition to the requirements under the Pawnbrokers Act 2015 ("PBA") and the Pawnbrokers Rules 2015 ("PBR") for obtaining a pawnbroker's licence, the following conditions for the grant of a licence have been imposed under section 18(2)(a) of the PBA:

General

- 1 Every pawnbroker shall seek prior approval from the Registry of Pawnbrokers for any change to its business name.
- 2 Every pawnbroker is required to update the Registry of Pawnbrokers of changes to its business contact details and resignation of directors/managers.
- 3 All operations of the pawnbroking business shall be computerised.
- 4 Every pawnbroker shall put in place reasonable measures to ensure that the security system in the pawnshop premises, including an alarm system and CCTV system, is in working condition at all times and is activated and armed after business hours.
- 5 Every pawnbroker shall also participate in the Interbank GIRO System and other cashless modes of electronic receipts and payments as may be required by the Registrar.
- 6 Every pawnbroker shall submit the returns required under section 24(1) of the PBA and rule 10(1) of the PBR to the Registrar in Microsoft Excel format, using the template which can be downloaded at <https://www.mlaw.gov.sg/eservices/rop/xhtml/home/DownloadFormList.xhtml>. The returns shall be submitted in the aforesaid format at the web address <https://www.mlaw.gov.sg/eservices/rop/>.

Audited Annual Financial Statement

- 7 Pursuant to section 25 of the PBA, every pawnbroker shall within four months, or such longer period as may be allowed, after the close of the financial year as at 31 December, submit to the Registry of Pawnbrokers one copy of the statement of accounts of its pawnbroking business, for the preceding financial year, duly audited by a public accountant together with the auditor's certification that:
 - (a) the stock of pledges held by the pawnbrokers are accounted for;
 - (b) the relevant returns/reports which have been submitted to the Registrar in compliance with section 24 of the PBA and rule 10 of the PBR were accurate.

Second-hand Goods Dealing Business

- 8.1 Every pawnbroker shall obtain the Registrar's approval before it is allowed to conduct or before it permits any person to conduct a secondhand goods dealing business ("SD") within the pawnshop premises to dispose of pledges under the circumstances mentioned at Conditions 8.2 and 8.3.
- 8.2 Every pawnbroker who wishes to confine its SD within the pawnshop premises to the sale of forfeited unredeemed pledges only, shall ensure that the following conditions are complied with:
- (a) That the inventory and operations of the pawnbroking and SD are kept separate and do not interfere with each other;
 - (b) That there are separate counters for the pawnbroking and SD;
 - (c) That the security of the pledges is not compromised; and
 - (d) That for every item in the SD inventory, records are kept and made available for inspection by the Registrar, as proof that the item was purchased at an auction or forfeited.
- 8.3 Every pawnbroker who wishes its SD within the pawnshop premises to deal with the sale and purchase of second-hand items in general (i.e. not limited to the sale of forfeited items), shall ensure that the following conditions in addition to those set out in Condition 8.2 are complied with:
- (a) That the pawnbroking and SD are conducted by separate legal entities, with separate accounts and staff;
 - (b) That there is clear signage distinguishing the SD and pawnbroking counters;
 - (c) That the SD's advertising and marketing materials do not mislead the public into thinking that it is providing a pawnbroking service;
 - (d) That if the SD and pawnbroking counters are next to each other, then there must be physical barriers (e.g. queue poles or partitions) separating the queuing areas for the two counters; and
 - (e) That all customers who sell items are issued documentation which clearly states that: "This transaction is a sale and not a pawn. This item is not redeemable."

New Jewellery Sales Business

- 9 Every pawnbroker shall obtain the Registrar's approval before it is allowed to carry out the business of sales of new jewellery (including gold items) within the pawnshop premises. On the Registrar's approval, the pawnbroker shall continually ensure that the following conditions are complied with:

- (a) That the pawnbroking and new jewellery sale business (“NJ”) are conducted by separate legal entities, with separate accounts and staff;
- (b) That the inventory and operations of the pawnbroking business and NJ are kept separate and do not interfere with each other;
- (c) That the security of the pledges is not compromised;
- (d) That if there is also an SD within the same pawnshop premises:
 - (i) there must be prominent demarcation between the new jewellery and the second-hand items made available for sale. For example, new jewellery should be displayed on different showcases/shelves/trays from second-hand items, with necessary markings to inform customers of the difference; and
 - (ii) the inventory and accounts of the SD and NJ must be kept separate.

[Note: The NJ and SD can be conducted by the same legal entity, as long as that entity is separate and distinct from the pawnbroking entity.]

Anti-Money Laundering & Countering Financing of Terrorism Controls

- 10.1 Every pawnbroker shall comply with the Terrorism (Suppression of Financing of Terrorism) Act (“TSoFA”) and United Nations Regulations in the conduct of its business. To ensure compliance with the above legislation, every pawnbroker shall have in place measures to prevent transacting with any person, in the conduct of its pawnbroking business, who is an individual and entity designated under the TSoFA and relevant United Nations Security Council Resolution (collectively known as “UN Sanctions Lists”) unless lawfully authorised to do so. Every pawnbroker should regularly seek reference and updates from the UN Sanctions Lists that are made available at the Monetary Authority of Singapore’s (“MAS”) website, which may be accessed directly or through the link found at the Registry of Pawnbrokers’ website under the section “Anti-Money Laundering and Countering the Financing of Terrorism”.
- 10.2 The Registrar, MAS or a law enforcement agency in Singapore may, whenever necessary, extend to pawnbrokers further lists of designated individuals and entities pursuant to the TSoFA, to which every pawnbroker shall apply the same mitigating measures mentioned in Condition 10.1.
- 10.3 No pawnbroker shall transact with individuals or entities mentioned in Conditions 10.1 and 10.2 unless lawfully authorised to do so. In the event that a transaction with a designated individual or entity is made without lawful authorisation, the pawnbroker shall “freeze”, without delay, assets and funds collected from these individuals or entities, and seek further instructions from the Suspicious Transaction Reporting Office or Police.

Advertisement & Marketing

- 11 Every pawnbroker who issues or publishes any advertisement or marketing material, including those through a third-party agent/vendor, regardless of its format (e.g. TV, print, audio, online):
- (a) shall state conspicuously in such materials, the trading name of the pawnbroker as stated in its licence;
 - (b) shall not state in such materials, whether through text, graphics or any other format:
 - (i) any message to induce persons to pawn their valuables to gamble or pay off gambling debts;
 - (ii) any information which is false or misleading;
 - (iii) any information which promotes or makes any offer relating to any other business;
 - (iv) any other business address except its own for which it was granted the licence; and
 - (v) any other contact number except its own business land telephone line number(s), which has (have) been registered with a licensed telecommunications company.

With effect from 1 January 2017

JILL TAN
REGISTRAR OF PAWNBROKERS
